

AVA Association has new President

Darrow P. Odsey

After a long line of male presidents, a lady has just taken over the helm of the Region III AVA Association. She is Ms. Ma. Rose Santos-Mandap of the Clark Development Corporation.

Ms. Mandap is one of the most recent accredited arbitrators of the Board after participating in the intensive pre-accreditation training in Intramuros, Manila last May 26-27, 201.

With somebody new at the helm it is hoped that the association in the region will expand its membership after it has been decimated over the years.

Ms. Mandap vowed to take an active role not only in advancing the cause of the association but also as a partner of the Branch in promoting the other preferential modes of dispute resolutions.
